

The Jones Family's Story

NEVADA, MISSOURI

Owen Jones was born 30 days premature on May 8, 2019. He weighed 5 lbs. 9 oz and spent seven days in the NICU. His mom and dad (Renee and Shawn) spent four days at Ronald McDonald House in Joplin.

"Our blessing from God, Owen, had to spend his first week in the NICU. We live an hour away, so the Ronald McDonald House made it possible for us to be right there for every moment while Owen was there. They treated us like family, and this world is truly blessed to have such amazing, caring people!"

– Renee Jones
