In the Words of Our Volunteers

"As a retiree and especially as an immigrant, I want and need to give back my time. While I am healthy and able, I want to repay the community for all the blessings I've had here. Since I started volunteering at RMH, I have seen a need that I had never seen before."

Ron Roche

RMH Volunteer since 2022
200 Volunteer Hours

"Our first experience with a Ronald McDonald House was when we spent two weeks at the House in Kansas City shortly after our daughter Alex was born...There is so much going on during that time that you don't realize how many people, and what those people are doing around that house to make your life more normal. After being involved with this House for over 25 years, it is very clear how it all happens. There is a large group of people called volunteers that are compassionate, caring, thoughtful and unselfish..."
